Dear Mr. Yoemans,

I would like to congratulate your company on the "fingersafe" internal door fitting.

Our school first purchased your product over 10 years ago. We have tried other types in the interim. However we have found "fingersafe" to be the best available and will continue to buy them for the foreseeable future.

Your company has always given us prompt good service and we are willing to recommend them to other establishments.

Many thanks.

Yours sincerely,

Mrs. J. Myers
